How Motorize your 2" Shade with **somfy**®:

Step #1. Motor Choice

- Must have one motor for every shade

Step #2. Power Options

- Must have one power option for every shade

Step #3. Control Options

- Must have a minimum of 1 user interface option

1. Motor Choice

Tilt Motor 12v

\$105

2. Power Options

12V Reloadable Battery Tube	12V DC Plug in Transformer	Solar Pack
\$55	\$95	\$130

3. Control Options

Telis Modulis 1 Channel (scroll wheel for tilting)	Telis Modulis 4 Channel (scroll wheel for tilting)	MyLink Wi-Fi Controller	Home Automation
\$50	\$65	\$165	Call for pricing

Please be aware that the heavier the shade the slower your motor will work. It may also burn out the battery quicker.

2" Horizontals

Power Options

Solar Pack

Reloadable Battery Tube

DC Plug in Transformer

Accessories

Sunis Sun sensor

Thermo Sunis Temperature and sun sensor

Control Options

Telis Modulis 4 Channel

MyLink Wi-Fi Controller

2" Horizontals

Measuring Instructions

2" Horizontals

Tools needed:

Tape Measure

Pencil

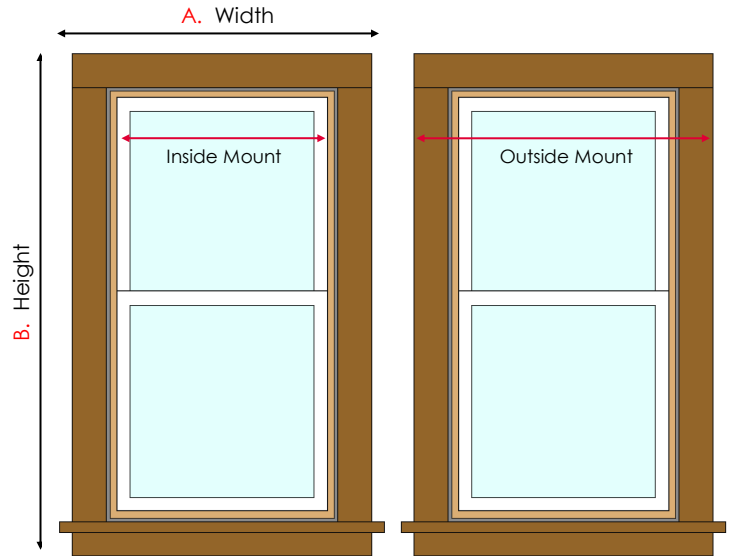

Order Form
Cut Out Diagram
Angled Diagram

Follow lettered guides for correct measuring and cut-outs.

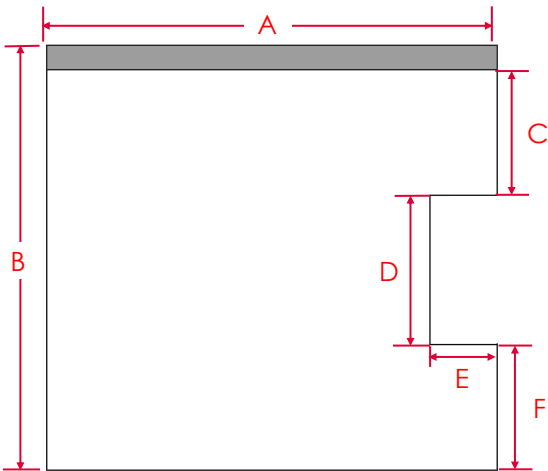

Please Note:

- When Measuring for an inside mount, measure in three different places and take the smallest measurement. This ensures that your shade will fit inside the window sill.
- Fill out appropriate Cut-Out or Angled Shade diagram order form to make sure your blind is ordered correctly.
- When measuring for a Cut-Out, think of the blind in a flat tilted up or down position. This will allow for adequate space around your cut out.

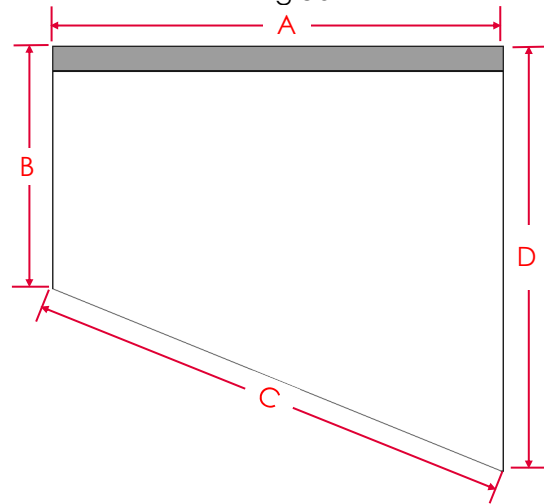

Standard Shade:

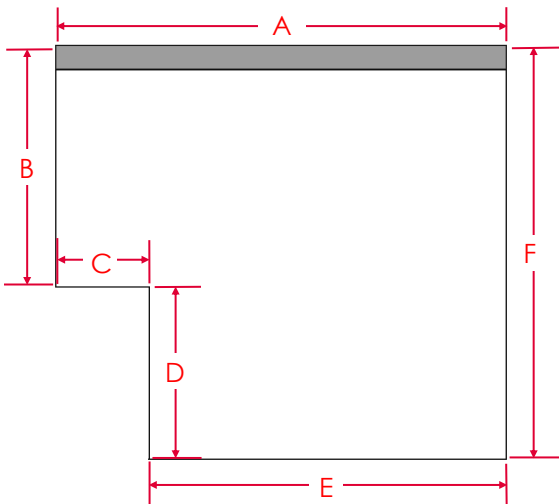

Side Center Notch

Angled

Side Bottom Notch

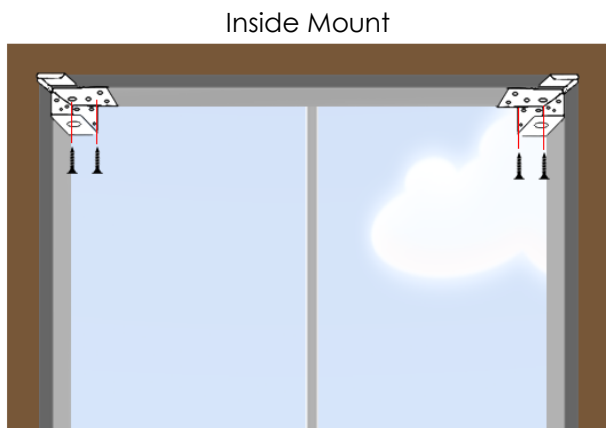

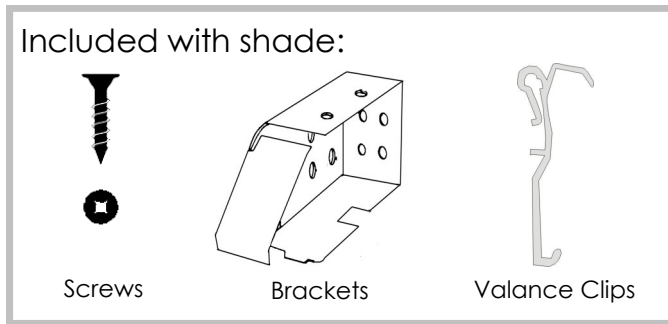

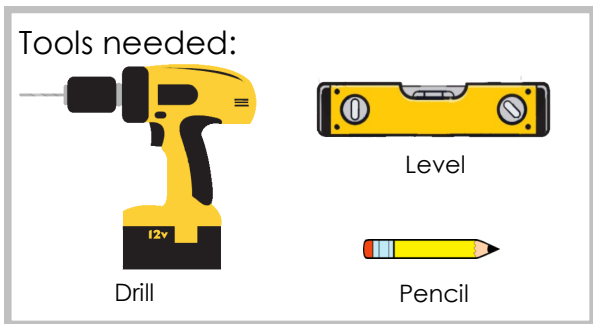

Notch & Angled Minimums & Maximums

Measurement	A		B		C		D**		E		F	
	Min	Max	Min	Max	Min	Max	Min	Max	Min	Max	Min	Max

* Reference chosen products Minimums & Maximums

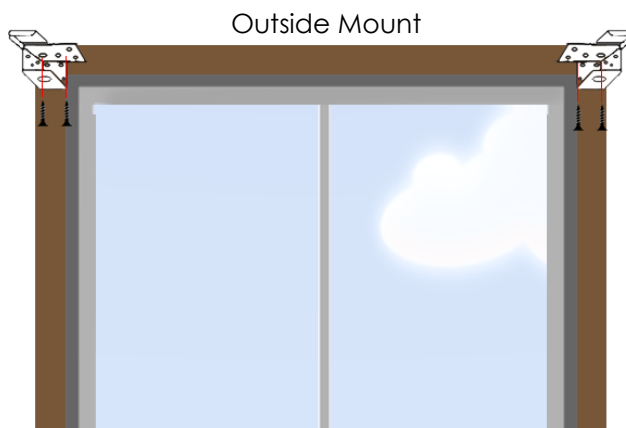

Install Instructions

2" Horizontals

Inside Mount

1. Make sure the top of the sill is level and clear of anything that could be in the way. Center the blind inside the window casing.
2. Make pencil marks below the headrail on each end, for an inside mount the box brackets will be placed on these marks.
3. Attach the two end brackets flush against the sides of the window casement.

Outside Mount

1. Position blind in desired area. Make sure the headrail is level.
2. Make pencil marks below the headrail on each end, for an inside mount the box brackets will be placed on these marks. Also make a mark 1/4" to the outside of the headrail end marks.
3. Align the outside of each bracket with the outer marks and attach.

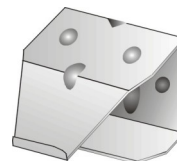

Installation

After brackets are installed, follow these directions:

1. Snap the valance clips over the front lip of the headrail before putting the blind into the box brackets, keep in mind to position the clips away from the ladder and cords.
2. Insert the headrail into the box brackets; if a center support bracket is being used, make sure that is connected with the headrail as well.
3. Close the swivel cover on the box bracket to lock the headrail into place.
4. Snap valance into clips.

Center Support Brackets

If your blind is over 60" wide, you have been supplied center support brackets. Center supports are meant to be spaced evenly, and in a place where they will not interfere with any lift cords or slat ladders. Center support brackets should be mounted level with the left and right mounting box brackets.

2" General Warranty

2" Horizontals

Statement of Warranty

A&I Manufacturing is proud to extend a Limited Lifetime Warranty on our 2" Horizontals. Each product is warranted to the original residential retail purchaser to be free from manufacturing defects in materials and workmanship as long as the product remains in the original window. This Limited Lifetime Warranty is not valid for products used for commercial use, rentals, and non-residential use in which cases there is a Limited 1 Year Warranty.

Somfy Motorization offers a 5 year warranty. Motorization offered from Somfy will be free from defects in materials and workmanship for a period of five years from the date of purchase. Batteries do not come with a warranty. Motor warranty can be voided if incorrect type of batteries are used to power the motor.

A&I proudly offers a 5 Year Limited Lifetime Warranty on all cords and components for all of our 2" Horizontal product lines for residential use.

Warranty Exclusions

This Limited Lifetime Warranty does not cover any product that fails due to:

- Accidents
- Alteration
- Misuse
- Abuse/Extraordinary Use
- Misapplication
- Improper handling
- Improper Installation
- Any conditions caused by normal wear and tear over the passage of time
- Cleaning
- Loss of color intensity
- Exposure to salt-air, or extreme heat
- Damage from insects or pets
- Damage from water
- Yellowing or cracking of plastic parts with the passage of time
- Warping of slats

Cord & Components Warranty

This Limited Lifetime Warranty **does not** cover transportation costs to and from the retailer, costs of removal, re-measure, or reinstallation of product, or any incidental or consequential damages.

Warranty Remedies

If an A&I Manufacturing product is found to be defective in materials or workmanship, we will, at our discretion: repair, replace or refund the cost of the product which fails to conform to this Limited Lifetime Warranty.

Colors do vary from lot to lot and may not exactly match sample swatch or previously purchased product. Discontinued items or colors will be replaced with the closest equivalent available. This shall be the sole remedy under this Limited Lifetime Warranty.

To Obtain Service:

Please return product, along with your original sales receipt or work order, to the original retailer from which the product was purchased and they will return the product to A&I Manufacturing.
